Hi Allison and Dan,

On 8/26/13, I spoke with Steve K., from DDOE and one of his attorneys, Jared P. I informed them of the coming information request letter, with a few details (e.g., letter is based on the inspections conducted by EPA, I want to send the letter this week).

I've incorporated most of ORC's comments into the Information Request letter. Please review and identify additional comments/recommendations. I'll try to schedule a meeting this afternoon, or tomorrow morning – whatever works for everyone. With an eye toward coordination and expediency I am fine meeting with the RCRA and Water Division technical personnel separately.
